INDEPENDENT AUDITOR'S REPORT

Board of Trustees Newcastle Elementary School District Newcastle, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Newcastle Elementary School District, as of and for the year ended June 30, 2021 and the related notes to the financial statements, which collectively comprise Newcastle Elementary School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Newcastle Elementary School District, as of June 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the District implemented Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. This resulted in a restatement of the beginning governmental activities net position and the beginning aggregate remaining fund information fund balance totaling \$53,871. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis* on pages 3 to 16 and the General Fund Budgetary Comparison Schedule, Charter School Fund Budgetary Comparison Schedule, the Schedule of the District's Proportionate Share of the Net Pension Liability, and the Schedule of the District's Contributions on pages 45 to 50 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

The supplementary information as listed in the table of contents is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information, except for the Schedule of Financial Trends and Analysis, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information as listed in the table of contents, except for the Schedule of Financial Trends and Analysis, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Schedule of Financial Trends and Analysis has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 7, 2022 on our consideration of Newcastle Elementary School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and the results of that testing, and not to provide an opinion on the effectiveness of the Newcastle Elementary School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Newcastle Elementary School District's internal control over financial reporting and compliance.

Newcastle Elementary School District

Management's Discussion and Analysis For the year ending June 30, 2021

Financial Reports:

The financial reports included in the financial statements for the Newcastle Elementary School District (NESD) are the Management's Discussion and Analysis (MD&A), Government-Wide Statement of Net Position and Government-Wide Statement of Activities. The MD&A is management's view of the District's financial condition and provides an opportunity to discuss important fiscal issues.

The government-wide financial statements include all fixed assets. The value of all assets, including building, land, and capitalized equipment (over \$5,000 value) net of depreciation is being reported in the audit. Net position, the difference between the District's assets and liabilities, is one way to measure the District's financial health or position. Over time, increases or decreases in the District's net position is one indicator of whether its fiscal health is improving or declining. Land is accounted for at purchase cost, not market value, and is not depreciated.

This Management's Discussion and Analysis represents the District's view of its financial performance for the fiscal year reporting on and is intended to be read in conjunction with the District's audited financial statements for the same period.

Students at the Newcastle Elementary School District started the 2020/21 school year in full distance learning due to the COVID-19 pandemic. In October 2020, students were brought back to campus for ½ day, in stages, by grade, two cohorts, A and B. Cohort A would attend school on Monday and Tuesday and cohort B would attend school on Thursday and Friday. All students would have distance learning on Wednesday for classrooms to be disinfected between cohorts. TK to first grade were brought back first on October 12th. Then on October 19th 3rd through 5th grades were added and on October 26th 6 through 8th grades. Cohort C was distance learning five days a week for those families not comfortable having their students on campus. On November 23rd the district went back to full distance learning for a two week pause due to a brief increase of outbreak.

After the pause, on December 7th, all grades in Cohorts A and B were brought back to campus for full day in person learning. In February 2021 the Superintendent and Board of Trustees decided to phase students back to 4 days a week and keeping Wednesday full distance learning. TK through 2nd grade started 4 full days a week on February 8th with 3rd through 8th joining on February 22nd. In April the district added a ½ day on Wednesday for all students that were on campus making Wednesday the early release day.

Many schools up and down the state chose to keep their students in distance learning for a majority of the 2020/21 school year. Some remained in distance learning all year. It is a testament to the NESD Board of Trustee's decision making that students were brought back to in person learning. The implementation of the Board direction was done due to the NESD staff and administration's dedication to doing what is best for students.

District Profile:

The Newcastle Elementary School District is located in Placer County at the gateway to the foothills. Up through the 2004/05 school year, the District was comprised of one K-8 school (Newcastle Elementary School). Beginning with the 2005/06 school year, the District began to expand by becoming the sponsoring local educational agency (LEA) for charter schools. Below is a summary of each individual school that is part of the District.

Newcastle Elementary School (NES): This is the original school of the District, first located at 9050 Old State Highway on land that is still owned by the District. It opened in 1865 with 44 students in grades 1-8. Permanent location is now at 8951 Valley View Dr, Newcastle.

• Current ADA was held harmless at 19/20 P2 177.66

Dependent Charter School

Financial reporting is included in the NESD audit

Newcastle Charter School (NCS): As the first charter school of the District, NCS opened its doors in 2005. This is a classroom-based program that, by design, is housed on the same school site and co-mingles charter and non-charter students in the classrooms. NCS was established for two reasons: 1) as a response to our stakeholders' request to promote a parent's right to choose the best educational setting for their children and 2) to promote STEM and visual/performing arts within the district setting.

• Current ADA was held harmless at 19/20 P2 274.02

Independent Charter Schools

Financial reporting is not included as part of the NESD audit

Harvest Ridge Cooperative Charter School (HRCCS): With the success of the CCS program in 2009 (see Independent Charter Schools below) came the desire for a similar hybrid program closer to home and in August of 2010, the District expanded once again with the opening of HRCCS, located on the original school site of NES, whereby they lease their classrooms from the District. This location is less than 1 mile from the existing NES/NCS school site and District Office locations. HRCCS began as a K-6 program and was designed in the same hybrid format as CCS (non-classroom based).

- Added a 7/8 class beginning in 2011 in addition to starting a home school independent study program.
- Expanded in August 2013 with the opening of Harvest Ridge Placer Academy (HRPA), a separate learning center of HRCCS serving grades K-8.
- Effective 7/1/18 Placer Academy became an independent charter sponsored by Rocklin Unified School District and is no longer a part of Harvest Ridge
 - Current ADA was held harmless at 19/20 P2 179.48

Creekside Charter School (CCS): Opened in August of 2009, the district began its charter school expansion by being the sponsoring LEA/District for Creekside Cooperative Charter School, located in Palisades Tahoe (formally Squaw Valley) in Placer County. Due to their student population coming from Nevada, Placer & El Dorado Counties, and CCS was searching for a District within Placer County that would approve their charter request and found their way to Newcastle. CCS started as a dependent charter of the

District serving grades K-6 and was originally located in Tahoe City. Creekside is an independent study (non-classroom based) program as defined by SB 740. It is a hybrid program, combining classroom instruction opportunities with non-site based academic activities. Attendance is tracked through learning conferences that take place at least every 20 school days, through learning records, work records, instructional logs, and student work samples.

- Expanded to add grades 7 & 8.
- Petitioned and was approved to become an Independent Charter School of the District beginning with the 2013/14 school year. CCS relocated to Palisades Tahoe (formally Squaw Valley), changed structure (back to K-6), and became one of two charter schools run by Creekside Charter Management.
 - Current ADA was held harmless at 19/20 P2 190.06

Squaw Valley Prep (SVP): Squaw Valley Prep opened its doors in 2013 to operate in conjunction with Creekside Charter. It is the secondary level school of Creekside Charter Management and was established to serve grades 7-12. Students in grades 7-10 were housed in a separate building on the same campus as Creekside Charter with expansion to grade 12 happening as the current grade levels are promoted each year. In 2016/2017 SVP became an online 7-12 school. Due to declining enrollment the CCM board decided that 2017/2018 would be the last year of SVP.

Rocklin Academy – Gateway: Expanding again with the approval of a petition submitted by Rocklin Academy Family of Schools for the 2013/14 school year, the District was set to double its size overnight. Due to facility issues though, the opening of RA Gateway's classroom-based program was delayed until the 2014/15 school year. The 2016/2017 school year brought the addition to 8th grade RA Gateway and enrollment to reach 1000+ students from surrounding areas. This is the 4th school for Rocklin Academy Family of Schools, and there are four other schools that are sponsored by a district other than NESD.

• Current ADA was held harmless at 19/20 P2 1,172.62

Golden Valley Tahoe Charter School ~ Opened on 7/1/18 in the Tahoe area that offers a free Waldorf education and is part of Golden Valley Charter Schools which includes 2 other schools located in the Sacramento area. This classroom-based program began to develop a culture of regular student attendance, after enrolling mostly children who had been homeschooled. They started as a K-3 and will organically grow one grade a year up to 8th grade.

• Current ADA 88.80

The majority of our NES/NCS school buildings were constructed in 1963. The District owns the buildings that HRCCS leases for its program. Major additions since 1963 are as follows:

- 1. The District added a gym/multipurpose building in the early 1990's.
- 2. The District went through a modernization project in 2001 with upgrades to the HVAC systems, walkways, overhangs, and roof and gymnasium floor.
- 3. A portable restroom was added to the current site in 2002.
- 4. The amphitheater project was completed in 2004 with a dedication ceremony being held in May 2004.
- 5. Two used portable classrooms were purchased during the 2006/07 school year. In 2016/17 one housed a Transitional Kindergarten class, and the other is used for our music program during the day and then the afterschool

childcare program. The District leases one on-site built classroom from PCOE for its middle grade classes which was paid off in 2016/17 school year.

- 6. Two new portable classrooms were purchased and installed on a permanent foundation during the 2007/08 school year. These house our Kindergarten classrooms.
- 7. Project Fit PE structures were installed on the primary playground January 2007.
- 8. Demolition of an old shed used to store equipment, furniture and a working kiln was completed in June 2007 and a new 10'x70' Tuff Shed was ordered and installed in July 2007.
- 9. In May of 2008 reserved funding from 8th grade "gifts to the school" along with PTC donations was used to build a shed by the amphitheater to store graduation decorations and PTC materials.
- 10. Deferred Maintenance funding was used in the spring of 2008 to install a new HVAC unit and replace the duct work in the office.
- 11. A greenhouse was purchased and installed during the summer of 2008 using a school garden grant from the state. This was dismantled in 2015/16 due to age and safety concerns.
- 12. A new multi-level play structure for Kindergarten was installed in November 2008.
- 13. PE Office/shed and storage shed for books added to the NES/NCS site in September 2012.
- 14. A patio and brick planter boxes were added in February 2013.
- 15. Playground equipment installed at HRCCS site in June 2013.
- 16. A portable classroom was installed on the NES/NCS school site during the summer of 2013.
- 17. District Office relocated from the NES/NCS school site to downtown Newcastle (450 Main St.) during the summer of 2013.
- 18. Fire hydrants installed and supply water lines upgraded the summer of 2014.
- 19. New roofing installed on NES/NCS buildings/classrooms (except the gym). During the summer of 2014.
- 20. A portable classroom was installed on the Harvest Ridge campus in October 2015.
- 21. Prop 39 Energy Efficiency projects began in the summer of 2016 which includes light replacements, water conservation and HVAC upgrades. The HVAC was replaced on the gym at NES/NCS in August of 2016.
- 22. Cool roof was installed on the property that Harvest Ridge is located
- 23. 2017/18 NESD purchased the Kentucky Greens property from the Placer County Office of Education (PCOE) adding 3 buildings, 22 acres and 1 MOT facility to NESD's Assets
 - \circ District office was moved from Main Street to 645 Kentucky Greens
 - 7-8 Grade was moved from the upper campus to the 600 Building
 - PCOE's maintenance and operations continues to reside in the MOT buildings in exchange for 100 hours/ month of landscaping services
 - Onorato is currently leased by PCOE for Special Education Programs
- 24. Phase I of the NESD modernization plan started in the summer of 2017/18 with the parking lot at 8951 Valley View being redesigned to include a roundabout to reduce neighborhood traffic
- 25. As part of Phase I all ADA access, in front of the school, was brought to compliance

- 26. Phase II of the NESD modernization plan started in the summer of 2018/19 and brought major renovations to all classrooms in the upper campus, school office, library, bathrooms, and staff break room. The lower campus had two more classrooms built and 6th grade was moved to the 600 building. All the bathrooms at the lower campus were renovated and a conference, work room and break room were added. All electrical and plumping were upgraded, and new water fountains were installed.
- 27. Phase III, the final phase of the NESD modernization plan, started in the summer of 2019/20. This included exterior painting and dry rot repair of all district buildings on the upper campus, reconstruction of the quad patio between the 100 and 200 buildings, installation of canopies throughout the campus, new down spouts on all buildings, campus landscaping, new ramp and stairs going down to the 1st 3rd playground. The 600-building exterior and gym were also paint
- 28. In 2020/21 the large 2 door freezer in the cafeteria was replaced a Bard Wall Mount HVAC was replace on a portable on the MOT area of the Kentucky Greens property which is leased by PCOE.

2020/2021 Staffing

 NES/NCS staff consists of 27.5 Certificated FTE (full-time equivalency) and 17.00 Classified FTE which consists of:

FTE	Certificated	FTE	Classified
1	Principal	4.5	Classified Student Support
19.1	General Education Teachers	1.0	Counselor
.8	Music Teacher	2.9	Custodians
.8	PE Teacher	1.0	Director of Facilities
.8	*Spanish Teacher	1.0	Director of Food Service
1.0	RSP Teachers	1.0	Director of Technology
1.0	Speech Teacher	3.0	RSP Aides
1.0	Psychologist	.79	RSP Clerk
1.0	Curriculum Coordinator	1.0	School Secretary
1.0	Director of Special Ed	.81	Food Service Assistant
27.5		17.00	

- NES/NCS continued the minimum days on Mondays which provides common planning time to all certificated staff for 1 hour their normal contract day. For the 2020-21 school year, the early release days were temporarily changed to Wednesday.
- CTA is the bargaining unit representative for the certificated staff and CSEA represents the classified staff.
- District Office: 5.0 FTE for the following positions: Superintendent, Executive Assistant, Chief Business Official, Business Tech 1, and District Staff Secretary

District Vision:

The Newcastle Elementary School District is committed to working in partnership with students, teachers, parents, and community to provide every student with a personalized, challenging, academic program that develops 21st Century skills necessary to become active and effective global citizens. Each child's innate ability will be supported in a caring, interactive, project/inquiry-based learning environment with an emphasis on strong character and personal value.

District Core Values

- All decisions are based upon what is best for students.
- All students can be successful in the right environment.
- A safe positive and nurturing learning environment fosters forward thinking, creativity and collaboration.
- Social, emotional, physical, and academic growth are all equally important in the education of each child.
- Parents are partners in providing a quality education.
- Strong staff and parent relationships require open communication and transparency of process.

Reporting the District as a Whole:

The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities. These statements include all assets and liabilities of the District using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. Net Position is the difference between assets and liabilities and is one way to measure the District's fiscal health, or financial position. In contrast, the individual fund statements focus on reporting the District's operations in more detail.

The major funds for the District are:

- Fund 01General Fund Newcastle Elementary School District
- Fund 09 Charter School Fund Newcastle Charter School
- Fund 40 Special Reserves for Capital Outlay

The non-major funds for the District are:

Fund 13	Cafeteria Fund
Fund 14	Deferred Maintenance
Fund 25	Capital Facilities Fund

The *Statement of Net Position* for the Newcastle Elementary School District reflects the following information for Governmental Activities:

	<u>June 30, 2021</u>	June 30, 2020
Assets	\$ 23,317,518	\$ 25,012,881
Deferred Outflows	\$ 1,811,829	\$ 2,035,788
Deferred Inflows	\$ (1,486,000)	\$ (1,959,000)
Liabilities	<u>\$ (10,837,929)</u>	\$ (10,728,162)
Net Position	\$ 12,805,418	\$ 14,361,507

Net position considers the value of the land, buildings and equipment owned by the District as well as all liabilities such as long-term debt payment obligations and accounts payable at year-end. Depreciation on the buildings and equipment is also included.

Table 1 below represents a condensed income statement for Government Wide Statement of Activities. A more detailed table can be found within the audited financial statements.

Statement of Activities	- for the Distric	t as a Whole

Total	\$10,310,408	\$9,925,231			

Fund Financial Statements:

The fund financial statements provide more detailed information about the District's most significant Funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on programs.

Newcastle School District has one type of fund:

Governmental funds – Most of the District's basic services are included in the governmental funds, which generally focus on: (1) how cash and other financial assets can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending.

Governmental Funds:

General Fund Revenues

Revenues to operate the District are posted to 4 main categories, based on whom they are from.

The categories reflected in the financial statements are as follows:

- Local Control Funding Formula (LCFF) Revenues from the State which is unrestricted in its use and pays for the "meat and potatoes" part of District operations based on ADA and supplemental needs.
- Other State Revenues which can be both restricted and unrestricted depending on the source of funding.
- Federal Revenues which are restricted in their use and assigned to specific programs.
- Other Local Revenues which can be both "site" restricted and unrestricted, depending on the intended purpose for the revenue.

Ending Fund Balances	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21
General Fund	2,903,625	2,068,766	3,795,902	3,645,346	3,835,130	3,304,595
Charter Fund	900,005	1,297,634	208,595	336,301	304,252	370,802
Cafeteria Fund	32,759	39,918	32,838	34,126	26,122	14,438
Deferred Maintenance Fund	1,200,000	298,007	385,774	352,065	322,628	251,845

State Funding of Education:

California School Districts receive a significant portion of their funding from State Appropriations. As a result, changes in State revenues will significantly affect appropriations made by the legislature to school districts. Beginning with the 2013/14 school year, the State changed the way it calculated State Aid for schools, changing from the Revenue Limit format used for the last 40 years to the Local Control Funding Formula (LCFF). For the year ending 6/30/21, Local Control Funding Formula represented approximately 65% of the total revenue. The LCFF model combined all of the state categorical programs, apart from Special Education and State Lottery, to become part of unrestricted general revenue instead of receiving individual entitlements as in past years. However categorical programs seem to be making a comeback with the various one-time, restricted funds that are targeted towards mitigating learning loss due to the COVID-19 pandemic.

Annual State appropriations are computed based on average daily attendance (ADA). This is unrestricted revenue that is used to pay for the majority of daily operation expenditures.

In lieu tax transfers are paid by NESD to the district's charter schools as part of their LCFF funding. This payment reduces NESD's property tax portion of LCFF which increases the State Aid. In Lieu is now distributed amongst the five (5) charter schools within the district.

Federal Funding of Education:

Federal funding typically comprises a small percent of the District's revenues. For the 2020/21 fiscal year, Federal funding represented about 8.5% of the District's revenue. This is a 5% increase over prior years due to the various federal programs related to COVID-19 assistance.

Local Funding:

Local funding represented about 14% of the General Fund total revenue for 2020/21 This revenue was received in part from:

- 1. Interest received on our cash balances and investments held by the Placer County Treasurer's Office
- 2. Donations
- 3. Oversight fees for Charter Schools
- 4. Back Office fees and Special Education Billbacks from Charter Schools

General Fund Expenses

Expenses are reported based on the approved State Accounting Code Structure, or SACS as it is referred to. SACS breaks expenses down in the following categories:

- Certificated Salaries
- Classified Salaries
- Employee Benefits
- Books and Supplies
- Services, Other Operating Expenses
- Capital Outlay
- Other Outgo
- □ Transfers Out

Expenses are paid with both restricted and unrestricted monies, based on their qualifications. Restricted funding is used first for all specific program expenses. If Board approved program expenses exceed the restricted monies available, then the General Fund must make a "contribution to restricted program" using the unrestricted funding portion of the ending fund balance. For the 2020/21 fiscal year, the District made a contribution to restricted programs in the amount of \$189,380 to cover the cost of maintenance salaries and special education program costs.

At times, the district's special education students need to be in programs, other than the traditional classroom, that are designed to meet the needs of the student. In 2020/21 NESD had no student placement in a non-public school program.

Transportation funding was also rolled into LCFF calculation to continue to transport our students and control expenses. NESD did not have bus service due to potential COVID 19 exposures plus the lack of bus drivers.

Certificated & Classified Salaries and Benefits Newcastle Elementary and Charter School:

The District spent a total of \$5,160,742 salaries/benefits, which is 76% of the overall 2020/21 expenses for the combined programs. This percent is considered moderately typical for industry standards. Approximately 29% of this total was for expenses relating to restricted programs, with the balance being paid with unrestricted revenues. This includes step and column increases and an additional 2.5% increase for certificated, confidential and management staff. The Health and Welfare caps were increased to \$9,500 annually, prorated on full time equivalency (FTE), for all staff. The benefit CAP represents premiums paid by the District for medical, dental & vision insurance on behalf of the employee.

Books and Supplies Newcastle Elementary and Charter School:

A total of \$371,400 was spent in this area for 2020/21 and represents approximately 5% of the overall expenses. Instructional Material funding was also rolled in to the LCFF calculations resulting in no specific funding tagged for textbooks, although the District must still report our sufficiency of instructional materials on an annual basis. In response to GASB 34, the District has a board resolution that purchases of inventory items with a value less than \$5,000 will now be reported in this category. These inventory items are not included in the list of depreciated position. Funds are reserved in the ending fund balance for future textbook adoption.

Services and Other Operating Expenses Newcastle Elementary and Charter School:

This category reflects expenses for services the school contracts for (ie: busing, assemblies, computer repair, etc.) as well as day-to-day operational expenses such as telephone, utilities, water, garbage, and postage to name a few. The total of \$881,367 represents 13% of the 2020/21 actual expenses.

Capital Outlay Newcastle Elementary and Charter School:

Purchases reflected here will be added to fixed assets that are part of the GASB 34 requirement and will be depreciated accordingly on an annual basis. New additions to the fixed asset depreciation schedule for 2020/21 were for the installation of a HVAC Bard unit on a portable in the MOT campus and a 2-door freezer replacement for food service. The total of \$20,293 represents 1% of total 2020/21 actual expenses. These items were paid out of the Deferred Maintenance and Capital Facilities Outlay funds.

Other Outgo:

Expenses typically found in this category are for our Special Education bill-backs from PCOE and payments on long term debt. The total of \$349,319 represents 5% of the 2020/21 actual expenses.

The amount for Special Ed bill-back fluctuates annually based on the following criteria:

- 1. State and Federal funding designated for Special Ed programs
- 2. Current year ADA for special ed students attending county run programs
- 3. Total expenses for county programs and programs located at other districts

General and Charter School Fund Reserves

The General and Charter School Fund reserves are the available funds at year-end – as reflected on paper but may not be representative of available cash on hand. Some of the reserve may be available for restricted purposes only – as in carryover funds for any remaining state/federal categorical programs. Due to a practice of budgeting conservatively and continually monitoring the status of revenues vs. expenses, the District was able to meet all its financial commitments at year-end, including the State required 5% reserve, and the District Board required additional 10% reserve, for economic uncertainties.

Table 6 – Budget vs Actuals for the 2020/21 fiscal year - Fund 01 – General Fund Including other financing sources (transfers in/out)

Factors bearing on the District's Future:

In conclusion, 2020/21 was the eighth year of the Local Control Funding Formula (LCFF) funding model that is designed to give schools local control of their spending. State categorical programs as we have known them for the past 40 years have been rolled into the new LCFF calculation in order to spend funds in conjunction with the Local Control Accountability Plan (LCAP). This allows districts to direct spending to their individual needs to close the achievement gap. Administrators must project areas of growth within the student population and subgroups and determine the plan and funding allocations within the budget to achieve the desired results. The 2020/21 LCAP was the beginning of a new three-year cycle that allowed school districts to update their goals and actions.

However, the 2020/21 school year has seen the introduction of several new categorical programs that are meant to address learning loss due to COVID-19. These include the Federal programs ESSER I, ESSER II, ESSER III which were part of the CARES Act and the American Rescue Act. Additionally, the state released the In Person Learning (IPL) grant, Extended Learning Opportunity (ELO) and the Learning Loss Mitigation (LLM) grant. All of these programs are one time, restricted to specific purposes and have various reporting requirements. It is unknown at this time if this practice will continue or if it is a short-term solution to addressing challenges that were a result of the COVID-19 pandemic.

As a District, we continue to remain optimistic about our abilities to provide a quality educational experience for our students. The creation of the Newcastle Charter School has provided stability in overall District enrollment and stability in continuing education for the families in our community while meeting the needs of staff in being transparent to those involved in the classroom experience. The future of education finance is uncertain due to the COVID-19 pandemic so NESD's Board of Trustee and Administration are carefully monitoring the budget to keep our program strong. We are looking forward to the years ahead and what the Newcastle Elementary School District can provide to the families and community it serves. The District is always mindful of the following circumstances that could significantly affect its financial health in the future:

- A decline in enrollment for the upcoming year and beyond due to COVID-19
- Budgeted structural deficits
- Paying off debt service of the district
- □ Increases to employer retirement costs for both STRS & PERS
- □ Influx of one-time funds which cannot be used for ongoing expenditures

This financial report is designated to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the funds it receives. If there are any questions about this report, or there is a need for additional information, contact the Chief Business Official, Newcastle Elementary School District, 645 Kentucky Greens., Newcastle, CA 95658 – 916.824.1664

NEWCASTLE ELEMENTARY SCHOOL DISTRICT RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION June 30, 2021

Total fund balances - Governmental Funds		\$ 4,498,183
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used for governmental activities are not financial resources and, therefore, are not reported as assets in funds. The cost of the assets is \$22,373,434 and the accumulated depreciation is \$4,077,966 (Note 4).		18,295,468
Unmatured interest is not recognized until it is paid in the governmental funds. In the government-wide financial statements this amount is accrued as a liability.		(3,654)
Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds. Long-term liabilities at June 30, 2020 consisted of (Note 5):		
Capitalized lease obligations Note payable Net pension liability (Notes 7 and 8) Other postemployment benefits (Note 9) Compensated absences	\$ (988,234) (2,729,120) (6,528,000) (52,250) (12,804)	(10,310,408)
In governmental funds, deferred outflows and inflows of resources relating to pensions are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources relating to pensions are reported (Notes 7 and 8):		
Deferred outflows of resources relating to pensions Deferred inflows of resources relating to pensions	\$ 1,811,829 (1,486,000)	 325,829
Total net position - governmental activities		\$ 12,805,418

NEWCASTLE ELEMENTARY SCHOOL DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGE IN FUND BALANCES – GOVERNMENTAL FUNDS – TO THE STATEMENT OF ACTIVITIES For the Year Ended June 30, 2021

Net change in fund balances - Total Governmental Funds	\$ (591,886)
Amounts reported for governmental activities in the statement of activities are different because:	
Acquisition of capital assets is an expenditure in the governmental funds, but increases capital assets in the statement of net position (Note 4).	53,038
Depreciation of capital assets is an expense that is not recorded in the governmental funds (Note 4).	(935,328)
In governmental funds, pension costs are recognized when employer contributions are made. In the statement of activities, pension costs are recognized on the accrual basis. This year, the difference between accrual-basis pension costs and actual employer contributions was (Notes 7 and 8).	(283,959)
Repayment of principal on long-term liabilities is an expenditure in the governmental funds, but decreases the long-term liabilities in the statement of net position (Note 5).	133,705
Unmatured interest is not recognized until it is due and, therefore, is not accrued as a payable in governmental funds.	352
In the statement of activities, expenses related to compensated absences and other postemployment benefits are measured by the amounts earned during the year. In the governmental funds, expenditures are measured by the amount of financial resources used (Note 5).	14,118
Change in net position of governmental activities	\$ (1,609,960)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Newcastle Elementary School District (the "District") accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's California School Accounting Manual. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The following is a summary of the more significant policies:

<u>Reporting Entity</u>: The Board of Trustees is the level of government which has governance responsibilities over all activities related to public elementary school education in the District. The Board is not included in any other governmental "reporting entity" as defined by the Governmental Accounting Standards Board, since Board members have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters. The District receives funding from local, state and federal governmental sources and must comply with all the requirements of these funding source entities.

<u>Basis of Presentation - Financial Statements</u>: The basic financial statements include a Management Discussion and Analysis (MD & A) section providing an analysis of the District's overall financial position and results of operations, financial statements prepared using full accrual accounting for all of the District's activities, including infrastructure, and a focus on the major funds.

<u>Basis of Presentation - Government-Wide Financial Statements</u>: The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole.

The Statement of Net Position and the Statement of Activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of Governmental Accounting Standards Board Codification Section (GASB Cod. Sec.) N50.118-.121.

Program revenues: Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

Allocation of indirect expenses: The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term liabilities is considered an indirect expense and is reported separately on the Statement of Activities.

<u>Basis of Presentation - Fund Accounting</u>: The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues, and expenditures. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Major Funds:

General Fund - The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and capital improvement costs that are not paid through other funds are paid from the General Fund.

Charter School Fund – The Charter School Fund is used to account for the proceeds of specific State and Local revenue sources that are legally restricted to expenditures for charter school activities

Special Reserve for Capital Outlay Fund - The Special Reserve for Capital Outlay Fund is used to account for resources used for the acquisition of capital facilities by the District.

Other Funds:

Student Activity Special Revenue Fund: The Student Activity Special Revenue Fund is used to account for the associated student body activities.

Cafeteria Fund - The Cafeteria Fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Deferred Maintenance Fund - The Deferred Maintenance Fund is used to account for the proceeds of specific State and Local revenue sources that are legally restricted to expenditures for deferred maintenance activities.

Capital Facilities Fund - The Capital Facilities Fund is a capital facilities fund used to account for resources used for the acquisition of capital facilities by the District.

<u>Basis of Accounting</u>: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

<u>Accrual</u>: Governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

<u>Modified Accrual</u>: The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible in the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term liabilities, if any, is recognized when due.

<u>Budgets and Budgetary Accounting</u>: By state law, the Board of Trustees must approve a tentative budget by July 1. A public hearing is conducted to receive comments prior to adoption. The Board of Trustees satisfied these requirements.

<u>Receivables</u>: Receivables are made up principally of amounts due from the State of California for Local Control Funding Formula and Categorical programs. The District has determined that no allowance for doubtful accounts was needed as of June 30, 2021.

<u>Capital Assets</u>: Capital assets purchased or acquired, with an original cost of \$5,000 or more, are recorded at historical cost or estimated historical cost. Contributed assets are reported at acquisition value for the contributed asset. Additions, improvements and other capital outlay that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method over 10 - 50 years depending on asset types.

<u>Deferred Outflows/Inflows of Resources</u>: In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The District has recognized a deferred outflow of resources related to recognition of the net pension liability reported in the Statement of Net Position.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time. The District has recognized a deferred inflow of resources (revenue) related to the recognition of the net pension liability reported which is in the Statement of Net Position.

<u>Pensions</u>: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the State Teachers' Retirement Plan (STRP) and Public Employers Retirement Fund B (PERF B) and additions to/deductions from STRP's and PERF B's fiduciary net position have been determined on the same basis as they are reported by STRP and PERF B. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Certain investments are reported at fair value. The following is a summary of pension amounts in aggregate.

The following is a summary of pension amounts in aggregate:

	<u>STRP</u>	<u>PERF B</u>	<u>Total</u>
Deferred outflows of resources	\$ 1,305,651	\$ 506,178	\$ 1,811,829
Deferred inflows of resources	\$ 1,484,000	\$ 2,000	\$ 1,486,000
Net pension liability	\$ 4,219,000	\$ 2,309,000	\$ 6,528,000
Pension expense	\$ 721,140	\$ 506,600	\$ 1,227,740

<u>Compensated Absences</u>: Compensated absences benefits in the amount of \$12,804 are recorded as a liability of the District. The liability is for the earned but unused benefits.

<u>Accumulated Sick Leave</u>: Sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expenditure in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave can be added to the creditable service period for calculation of retirement benefits when the employee retires.

<u>Unearned Revenues</u>: Revenue from federal, state and local special projects and programs is recognized when qualified expenditures have been incurred. Grant funds received but not earned are recorded as unearned revenue until earned.

<u>Property Taxes</u>: Secured property taxes are attached as an enforceable lien on property as of March 1. Taxes are due in two installments on or before December 10 and April 10. Unsecured property taxes are due in one installment on or before August 31. The County of Placer bills and collects taxes for the District. Tax revenues are recognized by the District when received.

Net Position: Net position is displayed in three components:

Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent bond proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position - Restrictions of the ending net position indicate the portions of net position not appropriable for expenditure or amounts legally segregated for a specific future use. The restriction for legally restricted programs represents the portion of net position restricted to specific program expenditures. The restriction for capital projects represents the portion of net position restricted for capital projects. It is the District's policy to use restricted net position first when allowable expenditures are incurred.

Unrestricted Net Position – All other net position that do not meet the definitions of "restricted" or "net investment in capital assets".

<u>Fund Balance Classifications</u>: Governmental Accounting Standards Board Codification Sections 1300 and 1800, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB Cod. Sec. 1300 and 1800) implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. The five classifications, discussed in more detail below, are nonspendable, restricted, committed, assigned and unassigned.

A - *Nonspendable Fund Balance* - The nonspendable fund balance classification reflects amounts that are not in spendable form, such as revolving fund cash, prepaid expenditures and stores inventory.

B - *Restricted Fund Balance* - The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation. These are the same restrictions used to determine restricted net position as reported in the government-wide statements.

C - *Committed Fund Balance* - The committed fund balance classification reflects amounts subject to internal constraints self-imposed by formal action of the Board of Trustees. The constraints giving rise to committed fund balance must be imposed no later than the end of the reporting period. The actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements. Formal action by the Board of Trustees is required to remove a commitment from any fund balance. At June 30, 2021, the District had \$925,342 in committed fund balances for the purpose of paying down long-term obligations relating to Other Post-Employment Benefits (OPEB), payments towards capitalized lease obligations and CalSTRS/CalPERS long-term obligations.

D - Assigned Fund Balance - The assigned fund balance classification reflects amounts that the District's Board of Trustees has approved to be used for specific purposes, based on the District's intent related to those specific purposes. The Board of Trustees can designate personnel with the authority to assign fund balances. As of June 30, 2021, the Board has given the District's Chief Business Official authority to assign funds for specific purposes. However, the Board of Trustees has the authority to remove or change the assignment of the funds with a simple majority vote.

E - *Unassigned Fund Balance* - In the General Fund only, the unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes.

In any fund other than the General Fund, a positive unassigned fund balance is never reported because amounts in any other fund are assumed to have been assigned, at least, to the purpose of that fund. However, deficits in any fund, including the General Fund that cannot be eliminated by reducing or eliminating amounts assigned to other purposes are reported as negative unassigned fund balance.

<u>Fund Balance Policy</u>: The District has an expenditure policy relating to fund balances. For purposes of fund balance classifications, expenditures are to be spent from restricted fund balances first, followed in order by committed fund balances (if any), assigned fund balances and lastly unassigned fund balances.

While GASB Cod. Sec. 1300 and 1800 do not require districts to establish a minimum fund balance policy or a stabilization arrangement, GASB Cod. Sec. 1300 and 1800 do require the disclosure of a minimum fund balance policy and stabilization arrangements, if they have been adopted by the Board of Trustees. At June 30, 2021, the District's minimum fund balance policy requires a reserve for economic uncertainties, consisting of unassigned amounts, equal to no less than 10% of General Fund expenditures and other financing uses. If the unassigned fund balance drops or is expected to drop below 10%, necessary expenditure reductions and/or revenue enhancements shall be implemented to ensure that the District's unassigned fund balance is restored to the minimum reserve level of 10% in no more than five years. At June 30, 2021, the District is in compliance with this policy.

<u>Encumbrances</u>: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated at June 30.

<u>Estimates</u>: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results may differ from those estimates.

<u>Eliminations and Reclassifications</u>: In the process of aggregating data for the Statement of Net Position and the Statement of Activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

<u>New Accounting Pronouncements</u>: In January 2017, the GASB issued GASB Statement No. 84, *Fiduciary Activities*. The principal objective of this Statement is to enhance the consistency and comparability of fiduciary activity reporting by state and local governments. The provisions in GASB Statement No. 84 are effective for reporting periods beginning after December 15, 2019. Based on the implementation of GASB Statement No. 84, the District restated its beginning net position of governmental activities as well as the aggregate remaining fund information beginning fund balance for a total of \$53,871.

NOTE 2 - CASH AND INVESTMENTS

Cash at June 30, 2021 consisted of the following:

	Governmental <u>Funds</u>
Pooled Funds:	
Cash in County Treasury	\$ 3,799,356
Deposits:	
Cash on hand and in banks	35,405
Cash in revolving fund	700
	<u>\$ 3,835,461</u>

<u>Pooled Funds</u>: In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the interest-bearing Placer County Treasurer's Pooled Investment Fund. The District is considered to be an involuntary participant in an external investment pool. The fair value of the District's investment in the pool is reported in the financial statements at amounts based upon the District's prorate share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

<u>Deposits - Custodial Credit Risk</u>: The District limits custodial credit risk by ensuring uninsured balances are collateralized by the respective financial institution. Cash balances held in banks are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) and are collateralized by the respective financial institution.

At June 30, 2021, the carrying amount of the District's accounts was \$36,105 and the bank balance was \$36,305, all of which was insured by the FDIC.

<u>Interest Rate Risk</u>: The District does not have a formal investment policy that limits cash and investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2021, the District had no significant interest rate risk related to cash and investments held.

<u>Credit Risk</u>: The District does not have a formal investment policy that limits its investment choices other than the limitations of state law.

<u>Concentration of Credit Risk</u>: The District does not place limits on the amount it may invest in any one issuer. At June 30, 2021, the District had no concentration of credit risk.

NOTE 3 - INTERFUND TRANSACTIONS

<u>Interfund Activity</u>: Transactions between funds of the District for goods and services are recorded as interfund transfers. The unpaid balances at year end, as a result of such transactions, are shown as due to and due from other funds.

NOTE 3 - INTERFUND TRANSACTIONS (Continued)

Interfund Receivables/Payables: Interfund receivable and payable balances at June 30, 2021 were as follows:

Fund	 Interfund <u>Receivables</u>		terfund ayables
Major Funds: General Charter School Fund	\$ - 10,580	\$	10,549 -
Non-Major Fund: Cafeteria Fund	 -		31
Totals	\$ 10,580	\$	10,580

<u>Transfers</u>: Transfers consist of operating transfers from funds receiving revenue to funds through which the resources are to be expended.

Interfund transfers for the 2020-2021 fiscal year were as follows:

Transfer from the Charter School Fund to the General Fund for the building lease memorandum of understanding (MOU).	\$ 45,550
Transfer from General Fund to Deferred Maintenance Fund for projects.	50,000
Transfer from the Charter School Fund to the Cafeteria Fund for COVID-19 related expenses.	 1,545
	\$ 97,095

NOTE 4 - CAPITAL ASSETS

A schedule of changes in capital assets for the year ended June 30, 2021 is shown below:

	Balance July 1, <u>2020</u>	Additions	Deductions	Balance June 30, <u>2021</u>
Non-depreciable:				
Land	\$ 788,000	\$-	\$-	\$ 788,000
Depreciable:				
Improvement of sites	1,027,445	-	-	1,027,445
Buildings	19,772,765	20,562	-	19,793,327
Equipment	732,186	32,476		764,662
Totals, at cost	22,320,396	53,038	<u> </u>	22,373,434
Less accumulated depreciation:				
Improvement of sites	(483,476)	(51,018)	-	(534,494)
Buildings	(2,496,863)	(833,491)	-	(3,330,354)
Equipment	(162,299)	(50,819)		(213,118)
Total accumulated				
depreciation	(3,142,638)	(935,328)		(4,077,966)
Capital assets, net	<u>\$ 19,177,758</u>	<u>\$ (882,290)</u>	<u>\$ -</u>	\$ 18,295,468

Depreciation expense was charged to governmental activities as follows:

Instruction

935,328

\$

NOTE 5 - LONG-TERM LIABILITIES

<u>Capitalized Lease Obligation</u>: The District leases certain property and equipment under a capital lease purchase agreement. The capitalized value of the capital assets under lease was \$1,360,602 with accumulated depreciation of \$271,392. Future minimum lease payments are as follows:

Year Ending	
<u>June 30,</u>	<u>Payments</u>
2022	\$ 101,538
2023	103,615
2024	105,775
2025	108,021
2026	110,357
2027-2031	515,532
2032-2036	156,757
	1,201,595
Less amount representing interest	(213,361)
Totals	\$ 988,234

NOTE 5 - LONG-TERM LIABILITIES (Continued)

<u>Note Payable</u>: In June 2017, the District issued a Note Payable of \$3,000,000 through the Placer County Treasury for the acquisition of land in Placer County. The Note Payable has an interest rate of 1.4% and is scheduled to mature in 2048. Default for non-payment would require the payment of outstanding principal, interest and any associated legal fees with recovery.

Year Ending						
<u>June 30,</u>	<u>F</u>	Principal	<u>Interest</u>	<u>Total</u>		
2022	\$	72,560	\$ 75,911	\$	148,471	
2023		74,606	73,865		148,471	
2024		76,710	71,761		148,471	
2025		78,872	69,599		148,471	
2026		81,096	67,375		148,471	
2027-2031		441,097	301,258		742,355	
2032-2036		506,890	235,465		742,355	
2037-2041		591,231	158,939		750,170	
2042-2046		670,683	71,672		742,355	
2047-2048		135,375	 2,778		138,153	
	\$	2,729,120	\$ 1,128,623	\$	3,857,743	

<u>Changes in Long-Term Liabilities</u>: A schedule of changes in long-term liabilities for the year ended June 30, 2021 is as follows:

	Balance July 1, <u>2020</u>	Additions		Deductions	Balance June 30, <u>2021</u>	C	Amounts Due Within <u>One Year</u>
<u>Debt:</u>							
Capitalized lease obligation	\$ 1,051,369	\$ -	9	63,135	\$ 988,234	\$	67,496
Note payable (direct placement)	2,799,690	-		70,570	2,729,120		72,560
Other long-term liabilities:							
Net pension liability (Notes 7 & 8)	5,995,000	533,000		-	6,528,000		-
Other postemployment benefits (Note 9)	70,579	-		18,329	52,250		14,250
Compensated absences	 8,593	 4,211	-	-	 12,804		12,804
	\$ 9,925,231	\$ 537,211	9	5 152,034	\$ 10,310,408	\$	167,110

Payments on the note payable and capitalized lease obligations are made from the General Fund and Charter School Fund. Payments on the net pension liability, other postemployment benefits and compensated absences are made from the fund for which the related employee worked.

NOTE 6 - FUND BALANCES

Fund balances, by category, at June 30, 2021 consisted of the following:

	General <u>Fund</u>	Charter Schools <u>Fund</u>	Special Reserve for Capital Outlay <u>Fund</u>	All Non-Major <u>Funds</u>	<u>Total</u>
Nonspendable:					
Revolving cash fund	\$ 700	\$-	\$-	\$-	\$ 700
Stores inventory	-	-	-	1,908	1,908
Prepaid expenditures	7,346	1,404		824	9,574
Subtotal nonspendable	8,046	1,404		2,732	12,182
Restricted:					
Legally restricted programs:					
Grants	172,521	-	-	-	172,521
Charter School	-	369,398	-	-	369,398
Student body activities	-	-	-	35,405	35,405
Cafeteria	-	-	-	11,706	11,706
Deferred maintenance	-	-	-	251,845	251,845
Capital projects	-	-	454,579	66,519	521,098
Subtotal restricted	172,521	369,398	454,579	365,475	1,361,973
Committed:

Wellness	34				34
Subtotal assigned	2,102,442				2,102,442
Unassigned:					
Designated for economic uncertainty	96,244				96,244
Total fund balances	\$ 3,304,595	\$ 370,802	\$ 454,579	\$ 368,207	\$ 4,498,183

(Continued)

General Information about the State Teachers' Retirement Plan

<u>Plan Description</u>: Teaching-certified employees of the District are provided with pensions through the State Teachers' Retirement Plan (STRP) – a cost-sharing multiple-employer defined benefit pension plan administered by the California State Teachers' Retirement System (CalSTRS). The Teachers' Retirement Law (California Education Code Section 22000 et seq.), as enacted and amended by the California Legislature, established this plan and CalSTRS as the administrator. The benefit terms of the plans may be amended through legislation. CalSTRS issues a publicly available financial report that can be obtained at http://www.calstrs.com/comprehensive-annual-financial-report.

Benefits Provided: The STRP Defined Benefit Program has two benefit formulas:

- CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform service that could be creditable to CalSTRS.
- CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform service that could be creditable to CalSTRS.

The Defined Benefit (DB) Program provides retirement benefits based on members' final compensation, age and years of service credit. In addition, the retirement program provides benefits to members upon disability and to survivors/beneficiaries upon the death of eligible members. There are several differences between the two benefit formulas which are noted below.

CalSTRS 2% at 60

CalSTRS 2% at 60 members are eligible for normal retirement at age 60, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. Early retirement options are available at age 55 with five years of credited service or as early as age 50 with 30 years of credited service. The age factor for retirements after age 60 increases with each quarter year of age to 2.4 percent at age 63 or older. Members who have 30 years or more of credited service receive an additional increase of up to 0.2 percent to the age factor, up to the 2.4 percent maximum.

CalSTRS calculates retirement benefits based on a one-year final compensation for members who retired on or after January 1, 2001, with 25 or more years of credited service, or for classroom teachers with less than 25 years of credited service if the employer elected to pay the additional benefit cost prior to January 1, 2014. One-year final compensation means a member's highest average annual compensation earnable for 12 consecutive months calculated by taking the creditable compensation that a member could earn in a school year while employed on a fulltime basis, for a position in which the person worked. For members with less than 25 years of credited service, final compensation is the highest average annual compensation earnable for any 36 consecutive months of credited service.

CalSTRS 2% at 62

CalSTRS 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. An early retirement option is available at age 55. The age factor for retirement after age 62 increases with each quarter year of age to 2.4 percent at age 65 or older.

All CalSTRS 2% at 62 members have their final compensation based on their highest average annual compensation earnable for any 36 consecutive months of credited service.

<u>Contributions</u>: Required member, employer and state contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. Contribution rates are expressed as a level percentage of payroll using the entry age normal actuarial cost method.

In June 2019, California Senate Bill 90 (SB 90) was signed into law and appropriated approximately \$2.2 billion in fiscal year 2018–19 from the state's General Fund as contributions to CalSTRS on behalf of employers. The bill required portions of the contribution to supplant the amounts remitted by employers such that the amounts remitted will be 1.03 and 0.70 percentage points less than the statutorily required amounts due for fiscal years 2019–20 and 2020–21, respectively. The remaining portion of the contribution, approximately \$1.6 billion, was allocated to reduce the employers' share of the unfunded actuarial obligation of the DB Program.

California Assembly Bill 84, Chapter 16, Statutes of 2020, (AB 84) was signed into law in June 2020 and revised certain provisions of Teachers' Retirement Law enacted by SB 90. Specifically, AB 84 repurposed the aforementioned \$1.6 billion contribution originally intended to reduce employers' long-term liabilities, to further supplant employer contributions through fiscal year 2021–22. Pursuant to AB 84, employers will remit contributions to CalSTRS based on a rate that is 2.95 percent less than the statutory rate for fiscal year 2020–21 and 2.18 percent less than the rate set by the board for fiscal year 2021–22. Any remaining amounts must be allocated to reduce the employers' share of the unfunded actuarial obligation of the DB Program. The rate reduction for fiscal year 2019-20 under SB 90 was not changed by AB 84. The employer contribution rates set in statute and the board's authority to adjust those rates starting in fiscal year 2021–22 under the CalSTRS Funding Plan were not changed by the passage of SB 90 or AB 84.

In addition, the board's rate-setting authority for the state contribution rate was suspended for fiscal year 2020–21 by AB 84. Although the board exercised its authority in May 2020 to increase the state contribution rate by 0.50 percent effective July 1, 2020, the rate increase did not go into effect. Instead, the state rate remained at the 2019–20 level of 7.828 percent.

A summary of statutory contribution rates and other sources of contributions to the DB Program pursuant to the CalSTRS Funding Plan, SB 90 and AB 84, are as follows:

Members - Under CalSTRS 2% at 60, the member contribution rate was 10.25 percent of applicable member earnings for fiscal year 2020-2021.

Under CalSTRS 2% at 62, members contribute 50 percent of the normal cost of their retirement plan, which resulted in a contribution rate of 10.205 percent of applicable member earnings for fiscal year 2020-2021. According to current law, the contribution rate for CalSTRS 2% at 62 members is adjusted if the normal cost increases or decreases by more than 1 percent since the last time the member contribution rate was set. Based on the June 30, 2019, valuation adopted by the board in May 2020, the increase in normal cost was less than 1 percent. Therefore, the contribution rate for CalSTRS 2% at 62 members did not change effective July 1, 2020.

Employers – 16.15 percent of applicable member earnings. This rate reflects the original employer contribution rate of 19.10 percent resulting from the CalSTRS Funding Plan, and subsequently reduced for the 2.95 percentage points to be paid on behalf of employers pursuant to SB 90 and AB 84.

The CalSTRS Funding Plan, which was enacted in June 2014 with the passage of California Assembly Bill (AB) 1469, required that employer contributions will increase from 8.25 percent to a total of 19.1 percent of applicable member earnings phased in over seven years starting in 2014. The legislation gave the CalSTRS board limited authority to adjust employer contribution rates from July 1, 2021 through June 2046 in order to eliminate the remaining unfunded actuarial obligation related to service credited to members prior to July 1, 2014. The CalSTRS board cannot adjust the rate by more than 1 percent in a fiscal year, and the total contribution rate in addition to the 8.25 percent cannot exceed 12 percent.

The CalSTRS employer contribution rates effective for fiscal year 2020-2021 through fiscal year 2046-47 are summarized in the table below:

Effective <u>Date</u>	Base <u>Rate</u>	Supplemental Rate Per CalSTRS <u>Funding Plan</u>	Rate Adjustment Per Special <u>Legislation</u>	<u>Total</u>
July 1, 2020 July 1, 2021	8.250% 8.250%	10.850% 10.850%	(2.950%) (2.180%)	16.150% 16.920%
July 1, 2022 to June 30, 2046 July 1, 2046	8.250% 8.250%	(1) Increase from AB	N/A	(1)

(1) The CalSTRS Funding Plan authorizes the board to adjust the employer contribution rate up or down by up to 1% each year, but no higher than 20.250% total and no lower than 8.250%.

The District contributed \$411,651 to the plan for the fiscal year ended June 30, 2021.

State – 10.328 percent of the members' calculated based on creditable compensation from two fiscal years prior.

The state's base contribution to the DB Program is calculated based on creditable compensation from two fiscal years prior. As a result of the CalSTRS Funding Plan, the state is required to make additional contributions to pay down the unfunded liabilities associated with the benefit structure that was in place in 1990 prior to certain enhancements in benefits and reductions in contributions. The additional state appropriation required to fully fund the benefits in effect as of 1990 by 2046 is specified in subdivision (b) of Education Code section 22955.1. The increased contributions end as of fiscal year 2045–46. Pursuant to AB 84, the state contribution rate remained at 5.811% for fiscal year 2020-21.

The CalSTRS state contribution rates effective for fiscal year 2020-21 and beyond are summarized in the table below.

<u>Effective</u> <u>Date</u>	Base <u>Rate</u>	Supplemental Rate Per CalSTRS <u>Funding Plan</u>	SBMA <u>Funding</u> ⁽¹⁾	<u>Total</u>
July 01, 2020 July 01, 2021	2.017% 2.017%	5.811% 6.311%	2.50% 2.50%	10.328% 10.828%
July 01, 2022 to	2.01170	0.01170	2.0070	10.02070
June 30, 2046	2.017%	(2)	2.50%	(2)
July 01, 2046	2.017%	(3)	2.50%	(3)

(1) The SBMA contribution rate excludes the \$72 million that is reduced from the required contribution in accordance with Education Code section 22954.

(2) The board has limited authority to adjust the state contribution rate annually through June 2046 in order to eliminate the remaining unfunded actuarial obligation. The board cannot increase the supplemental rate by more than 0.5% in a fiscal year, and if there is no unfunded actuarial obligation, the supplemental contribution rate imposed would be reduced to 0%.

(3) From July 1, 2046, and thereafter, the rates in effect prior to July 1, 2014, are reinstated, if necessary, to address any remaining unfunded actuarial obligation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ 4,219,000
State's proportionate share of the net pension liability	
associated with the District	 2,306,000
Total	\$ 6,525,000

The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating school districts and the State. At June 30, 2020, the District's proportion was 0.004 percent, which was no change from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the District recognized pension expense of \$721,140 and revenue of \$305,951 for support provided by the State. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Difference between expected and actual experience	\$	7,000	\$	119,000
Changes of assumptions		411,000		-
Net differences between projected and actual earnings on investments		100,000		-
Changes in proportion and differences between District contributions and proportionate share				
of contributions		376,000		1,365,000
Contributions made subsequent to measurement date		411,651		-
Total	\$	1,305,651	\$	1,484,000

\$411,651 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	
2022	\$ (107,985)
2023	\$ (72,983)
2024	\$ (74,983)
2025	\$ (283,983)
2026	\$ (47,233)
2027	\$ (2,833)

Differences between expected and actual experience and changes in assumptions are amortized over a closed period equal to the average remaining service life of plan members, which is 7 years as of the June 30, 2020 measurement date. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

<u>Actuarial Methods and Assumptions</u>: The total pension liability for the STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2019, and rolling forward the total pension liability to June 30, 2020. The financial reporting actuarial valuation as of June 30, 2019, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2019
Experience Study	July 1, 2015 through June 30, 2018
Actuarial Cost Method	Entry age normal
Investment Rate of Return	7.10%
Consumer Price Inflation	2.75%
Wage Growth	3.50%
Post-retirement Benefit Increases	2.00% simple for DB, maintain 85%
	Purchasing power level for DB, not
	applicable for DBS/CBB

<u>Discount Rate</u>: The discount rate used to measure the total pension liability was 7.10 percent, which was unchanged from the prior fiscal year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increase per AB 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

<u>Mortality</u>: CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table, issued by the Society of Actuaries.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS investment staff and investment consultants as inputs to the process.

The actuarial investment rate of return assumption was adopted by the CaISTRS board in January 2020 in conjunction with the most recent experience study. For each current and future valuation, CaISTRS consulting actuary reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

	Assumed Asset	Long-Term* Expected Real
Asset Class	Allocation	Rate of Return
Public Equity	42%	4.8%
Real Estate Assets	15	3.6
Private Equity	13	6.3
Fixed Income	12	1.3
Risk Mitigating Strategies	10	1.8
Inflation Sensitive	6	3.3
Cash / Liquidity	2	(0.4)
* 20-year geometric average		

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.10 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10 percent) or 1percentage-point higher (8.10 percent) than the current rate:

	1%	(Current	1%
	Decrease	D	Discount	Increase
	<u>(6.10%)</u>	Rat	<u>e (7.10%)</u>	<u>(8.10%)</u>
District's proportionate share of				
the net pension liability	\$ 6,375,000	\$	4,219,000	\$ 2,440,000

<u>Pension Plan Fiduciary Net Position</u>: Detailed information about the pension plan's fiduciary net position is available in the separately issued CalSTRS financial report.

NOTE 8 – NET PENSION LIABILITY – PUBLIC EMPLOYER'S RETIREMENT FUND B

General Information about the Public Employer's Retirement Fund B

<u>Plan Description</u>: The schools' cost-sharing multiple-employer defined benefit pension plan Public Employer's Retirement Fund B (PERF B) is administered by the California Public Employees' Retirement System (CalPERS). Plan membership consists of non-teaching and non-certified employees of public schools (K-12), community college districts, offices of education, charter and private schools (elective) in the State of California.

The Plan was established to provide retirement, death and disability benefits to non-teaching and noncertified employees in schools. The benefit provisions for Plan employees are established by statute. CalPERS issues a publicly available financial report that can be obtained at:

https://www.calpers.ca.gov/docs/forms-publications/cafr-2020.pdf

<u>Benefits Provided</u>: The benefits for the defined benefit plans are based on members' years of service, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members become fully vested in their retirement benefits earned to date after five years (10 years for State Second Tier members) of credited service.

<u>Contributions</u>: The benefits for the defined benefit pension plans are funded by contributions from members and employers, and earnings from investments. Member and employer contributions are a percentage of applicable member compensation. Member contribution rates are defined by law and depend on the respective employer's benefit formulas. Employer contribution rates are determined by periodic actuarial valuations or by state statute. Actuarial valuations are based on the benefit formulas and employee groups of each employer. Employer contributions, including lump sum contributions made when districts first join PERF B, are credited with a market value adjustment in determining contribution rates.

The required contribution rates of most active plan members are based on a percentage of salary in excess of a base compensation amount ranging from zero dollars to \$863 monthly.

Required contribution rates for active plan members and employers as a percentage of payroll for the year ended June 30, 2021 were as follows:

Members - The member contribution rate was 7.00 percent of applicable member earnings for fiscal year 2020-2021.

Employers - The employer contribution rate was 20.70 percent of applicable member earnings.

The District contributed \$226,178 to the plan for the fiscal year ended June 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the District reported a liability of \$2,309,000 or its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating school districts. At June 30, 2020 the District's proportion was 0.008 percent, which was an increase of 0.001 percent from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the District recognized pension expense of \$506,600. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Difference between expected and actual experience	\$	114,000	\$	-
Changes of assumptions		8,000		-
Net differences between projected and actual earnings on investments		48,000		-
Changes in proportion and differences between District contributions and proportionate share of contributions		110,000		2,000
Contributions made subsequent to measurement date		226,178		-
Total	\$	506,178	\$	2,000

\$226,178 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending	
<u>June 30,</u>	
2022	\$ 100,750
2023	\$ 84,750
2024	\$ 70,250
2025	\$ 22,250

Differences between expected and actual experience, changes in assumptions and changes in proportion and differences between District contributions and proportionate share of contributions are amortized over a closed period equal to the average remaining service life of plan members, which is 4 years as of the June 30, 2020 measurement date. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed 5-year period.

<u>Actuarial Methods and Assumptions</u>: The total pension liability for the Plan was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2019, and rolling forward the total pension liability to June 30, 2020. The financial reporting actuarial valuation as of June 30, 2019, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2019
Experience Study	June 30, 1997 through June 30, 2015
Actuarial Cost Method	Entry age normal
Investment Rate of Return	7.15%
Consumer Price Inflation	2.50%
Wage Growth	Varies by entry age and service
Post-retirement Benefit Increases	Contract COLA up to 2.00% until Purchasing
	Power Protection Allowance Floor on
	Purchasing Power applies 2.50% thereafter

The mortality table used was developed based on CalPERS specific data. The table includes 15 years of mortality improvements using Society of Actuaries 90% of scale MP 2016. For more details on this table, please refer to the 2017 experience study report.

All other actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from 1997 to 2015, including updates to salary increase, mortality and retirement rates. Further details of the Experience Study can be found at CalPERS' website.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation.

	Long-Term* Assumed Asset	Expected Real Rate of Return	Expected Real Rate of Return
<u>Asset Class</u>	<u>Allocation</u>	<u>Years 1-10 (1)</u>	<u>Years 11+(2)</u>
Global Equity	50%	4.80%	5.98%
Fixed Income	28	1.00	2.62
Inflation Assets	-	0.77	1.81
Private Equity	8	6.30	7.23
Real Estate Assets	13	3.75	4.93
Liquidity	1	-	(0.92)

* 10-year geometric average

(1) An expected inflation rate of 2.00% used for this period

(2) An expected inflation rate of 2.92% used for this period

<u>Discount Rate</u>: The discount rate used to measure the total pension liability was 7.15 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Plan. The results of the crossover testing for the Plan are presented in a detailed report that can be obtained at CalPERS' website.

The long-term expected rate of return on pension plan investments was determined using a building- block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and longterm market return expectations as well as the expected pension fund cash flows. Using historical and forecasted information for all the funds' asset classes, expected compound (geometric) returns were calculated over the short term (first 10 years) and the long term (11+ years) using a building-block approach. Using the expected nominal returns for both short term and long term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long- term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.15 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.15 percent) or 1percentage-point higher (8.15 percent) than the current rate:

	1% Decrease <u>(6.15%)</u>	Current Discount te (7.15%)	1% Increase <u>(8.15%)</u>
District's proportionate share of the net pension liability	\$ 3,319,000	\$ 2,309,000	\$ 718,000

<u>Pension Plan Fiduciary Net Position</u>: Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial report.

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS

In addition to the pension benefits described in Notes 7 and 8, the District provides other postemployment benefits to certificated employees who were hired prior to 1995 and who retire from the District under STRS after age 55, with at least 20 consecutive years of service to the District. Additionally, there is one non-certificated employee hired prior to 1995 that is eligible to receive other postemployment benefits if the employee retires from the District under PERS after age 55, with at least 20 consecutive years of service to the District. This is a simple employer defined benefit OPEB plan. The plan does not issue separate financial statements. The District pays the insurance premiums, not to exceed the cap, to maintain the level of coverage enjoyed by the retiree immediately preceding retirement, for a period of five years. For an additional two years, the District pays 50% of the insurance premiums, not to exceed 50% of the cap, for these benefits. As of June 30, 2021, 3 retirees met this eligibility requirement.

During the year, expenditures of \$18,329 were recognized for retiree health care benefits. The accumulated future liability for the District at June 30, 2021 amounts to \$52,250. The District only has one retiree who currently participates in the plan and two employees who have the potential to participate in the plan. As the entire projected liability has been accrued for these capped benefits, no actuarial assumptions have been used.

NOTE 10 - JOINT POWERS AGREEMENT

<u>Schools Insurance Group</u>: The District is a member of a Joint Powers Authority, Schools Insurance Group (SIG), for the operation of a common risk management and insurance program. The program covers workers' compensation, property/liability, and health and welfare insurance. The membership includes the school districts in Placer and Nevada counties and their respective County Offices. SIG is governed by an Executive Board consisting of representatives from member districts. The Executive Board controls the operations of SIG, including selections of management and approval of operating budgets. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage from coverage in the prior year.

The following is a summary of financial information for SIG at Juna 30, 2020 (most recently available):

Total assets	\$ 111,774,531
Total deferred outflows	\$ 288,284
Total liabilities	\$ 41,450,340
Total deferred inflows	\$ 73,223
Net position	\$ 70,539,252
Total revenues	\$ 98,672,583
Total expenses	\$ 94,629,709
Change in net position	\$ 4,042,874

The relationship between Newcastle Elementary School District and SIG is such that SIG is not a component unit of the District for financial reporting purposes.

NOTE 11 - CONTINGENCIES

The District is subject to legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the District.

The District has received federal and state funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could result in expenditure disallowances under terms of the grants, it is management's opinion that any required reimbursements or future revenue offsets subsequently determined will not be material.

REQUIRED SUPPLEMENTARY INFORMATION

NEWCASTLE ELEMENTARY SCHOOL DISTRICT GENERAL FUND BUDGETARY CMPARISON SCHEDULE For the Year Ended June 30, 2021

NOTE 1 - PURPOSE OF SCHEDULES

A - <u>Budgetary Comparison Schedule</u>: The District employs budget control by object codes and by individual appropriation accounts. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The budgets are revised during the year by the Board of Trustees to provide for revised priorities. Expenditures cannot legally exceed appropriations by major object code. The originally adopted and final revised budgets for the General Fund and Charter School Fund are presented as Required Supplementary Information. The basis of budgeting is the same as GAAP.

B - <u>Schedule of the District's Proportionate Share of the Net Pension Liability</u>: The Schedule of the District's Proportionate Share of the Net Pension Liability is presented to illustrate the elements of the District's Net Pension Liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

C - Schedule of the District's Contributions: The Schedule of the District's Contributions is presented to illustrate the District's required contributions relating to the pensions. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

D – <u>Changes of Benefit Terms</u>: There are no changes in benefit terms reported in the Required Supplementary Information.

E - <u>Changes of Assumptions</u>: The discount rates used for the Public Employer's Retirement Fund B (PERF B) was 7.50, 7.65, 7.65, 7.15, 7.15, 7.15, and 7.15 percent in the June 30, 2013, 2014, 2015, 2016, 2017, 2018, and 2019 actuarial reports, respectively.

The following are the assumptions for State Teachers' Retirement Plan:

	Measurement Period										
Assumptions	As of	As of	As of	As of	As of	As of					
	June 30,	June 30	June 30,	June 30,	June 30,	June 30,					
	<u>2020</u>	<u>2019</u>	<u>2018</u>	<u>2017</u>	<u>2016</u>	<u>2015</u>

Average daily attendance at P-2, including charter school	456	452	452	444

The General Fund fund balance has increased by \$491,307 over the past three fiscal years. The District projects a decrease of \$986,527 for the fiscal year ending June 30, 2022. For a district this size, the State of California recommends available reserves of the greater of \$50,000 or 4% of total expenditures and other uses be maintained. For the year ended June 30, 2021, the District has met this requirement.

The District incurred operating deficits in two of the past three years and anticipates incurring an operating deficit during the 2021-22 fiscal year.

Total long-term liabilities have decreased by \$75,565 over the past two years.

Average daily attendance had an increase of 8 ADA over the past two years. An increase of 4 ADA is budgeted for fiscal year 2021-22.

NEWCASTLE ELEMENTARY SCHOOL DISTRICT SCHEDULE OF CHARTER SCHOOLS For the Year Ended June 30, 2021

Charter Schools Chartered by Office of Education

0727 – Newcastle Charter School

- 1179 Harvest Ridge Cooperative Charter
- 1528 Rocklin Academy-Gateway
- 1102 Creekside Charter School
- 1991 Golden Valley

Included in Office of Education Financial Statements, or <u>Separate Report</u>

Included in District Financial Statements Separate Report Separate Report Separate Report Separate Report

NOTE 1 - PURPOSE OF SCHEDULES

A - <u>Schedule of Instructional Time</u>: The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. The District neither met nor exceeded its target funding. This schedule presents information on the amount of instructional time offered by the District, and whether the District complied with the provisions of Education Code Sections 46201 through 46206.

B - <u>Reconciliation of Unaudited Actual Report with Audited Financial Statements</u>: This schedule provides the information necessary to reconcile the fund equity of all funds as reported on the Unaudited Actual Financial Report to the audited financial statements.

C - <u>Schedule of Financial Trends and Analysis – Unaudited</u>: This schedule provides trend information on fund balances, revenues, expenditures and average daily attendance, as required by the State Controller's Office. The information in this schedule has been derived from audited information.

D - <u>Schedule of Charter Schools</u>: This schedule provides information for the California Department of Education to monitor financial reporting by Charter Schools.

NOTE 2 - EARLY RETIREMENT INCENTIVE PROGRAM

Education Code Section 14502 requires certain disclosures in the financial statements of districts which adopt Early Retirement Incentive Programs pursuant to Education Code Sections 22714 and 44929. For the fiscal year ended June 30, 2021, the District did not adopt this program.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

Board of Trustees Newcastle Elementary School District Newcastle, California

Report on Compliance with State Laws and Regulations

We have audited Newcastle Elementary School District's compliance with the types of compliance requirements described in the State of California's 2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting (the "Audit Guide") applicable to the state laws and regulations listed below for the year ended June 30, 2021.

Description	Procedures <u>Performed</u>
Attendance and Distance Learning	Yes
Teacher Certification and Misassignments	Yes
Kindergarten Continuance	Yes
Instructional Time	Yes
Instructional Materials	Yes
Ratio of Administrative Employees to Teachers	Yes
Classroom Teacher Salaries	Yes
Early Retirement Incentive	No, see below
Gann Limit Calculation	Yes
School Accountability Report Card	Yes
K-3 Grade Span Adjustment	Yes
Apprenticeship: Related and Supplemental Instruction	No, see below
Comprehensive School Safety Plan	Yes
District of Choice	No, see below
California Clean Energy Jobs Act	No, see below
Proper Expenditure of Education Protection Account Funds	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Independent Study – Course Based	No, see below
Attendance, for charter schools	Yes
Mode of Instruction, for charter schools	Yes
Nonclassroom-Based Instruction/Independent Study,	
for charter schools	No, see below
Determination of Funding for Nonclassroom-Based	
Instruction, for charter schools	No, see below
Charter School Facility Grant Program	No, see below

The District does not offer an Early Retirement Incentive Program; therefore, we noted there was no ERIP in the current year.

The District does not have an Apprenticeship: Related and Supplemental Instruction program, therefore, we did not perform any procedures related to Apprenticeship: Related and Supplemental Instruction.

The District did not elect to operate as a District of Choice; therefore, we did not perform any procedures related to District of Choice.

The District completed projects and expended this fund for the California Clean Energy Jobs Act; therefore, we did not perform any procedures related to California Clean Energy Jobs Act.

The District did not offer an Independent Study-Course Based program; therefore, we did not perform any procedures related to Independent Study-Course Based program.

We did not perform any procedures related to Nonclassroom-Based Instruction/Independent Study for charter schools or Determination of Funding for Nonclassroom-Based Instruction, for charter schools because the District's charter schools are classroom based.

The District did not receive Charter School Facility Grant Program funding in the current year; therefore, we did not perform any procedures related to Charter School Facility Grant Program.

Management's Responsibility

Management is responsible for compliance with the requirements of state laws and regulations, as listed above.

Auditor's Responsibility

Our responsibility is to express an opinion on Newcastle Elementary School District's compliance with state laws and regulations as listed above based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the 2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting (Audit Guide). Those standards and the Audit Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on Newcastle Elementary School District's compliance with the state laws and regulations listed above occurred. An audit includes examining, on a test basis, evidence about Newcastle Elementary School District's compliance with the procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with state laws and regulations. However, our audit does not provide a legal determination of Newcastle Elementary School District's compliance.

Basis for Qualified Opinion on Compliance with State Laws and Regulations

As described in Finding 2021-001 in the accompanying Schedule of Audit Findings and Questioned Costs, Newcastle Elementary School District did not comply with the requirements regarding Unduplicated Local Control Funding Formula Pupil Counts. Compliance with such requirements is necessary, in our opinion, for Newcastle Elementary School District to comply with the requirements applicable to the state laws and regulations referred to above.

Qualified Opinion on Compliance with State Laws and Regulations

In our opinion, except for the noncompliance described in the Basis of Qualified Opinion paragraph, Newcastle Elementary School District complied, in all material respects, with the compliance requirements referred to above that are applicable to the state laws and regulations referred to above for the year ended June 30, 2021.

Other Matter

Newcastle Elementary School District's response to the noncompliance finding identified in our audit is included in the accompanying Schedule of Audit Findings and Questioned Costs. Newcastle Elementary School District's response was not subjected to the auditing procedures applied in the audit of State Compliance and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report on compliance is solely to describe the scope of our testing of compliance and the results of that testing based on the requirements of the State of California's 2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Newcastle Elementary School District Newcastle, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Newcastle Elementary School District as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Newcastle Elementary School District's basic financial statements, and have issued our report thereon dated January 7, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Newcastle Elementary School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Newcastle Elementary School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Newcastle Elementary School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Newcastle Elementary School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SECTION II - FINANCIAL STATEMENT FINDINGS

No matters were reported.

NEWCASTLE ELEMENTARY SCHOOL DISTRICT SCHEDULE OF AUDIT FINDINGS AND QUESTIONED COSTS Year Ended June 30, 2021

SECTION III - STATE AWARD FINDINGS AND QUESTIONED COSTS

2021-001 - DEFICIENCY – STATE COMPLIANCE – UNDUPLICATED LOCAL CONTROL FUNDING FORMULA PUPIL COUNTS (40000)

<u>Criteria</u>: Any student who meets the federal income eligibility criteria or is deemed to be categorically eligible for FRPM under the National School Lunch Program (NSLP) will be counted as FRPM-eligible. Except for directly certified and foster students identified through a statewide match, LEAs must submit the appropriate student program (SPRG) records to CALPADS in order for the students to be counted as FRPM-eligible. Authority cited: Section 14502.1, Education Code. Reference: Sections 14502.1, 14503, 2574(b)(3)(C), 44238.02(b)(3)(B), and 41020, Education Code.

<u>Condition</u>: At the Newcastle Charter School, it was noted that 3 students were improperly included in the Free and Reduced Meal Program.

Newcastle Charter School

Unduplicated pupil count based on:	Enrollment	FRPM	ELAS	Both	TOTAL
As certified on CALPADS	240	36	2	7	45
Audit Adjustments		(3)			(3)
Adjusted Counts		33	2	7	42

<u>Context</u>: We performed the audit procedures enumerated in the State of California 2020-21 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting and identified an initial error. Three students were noted to be inappropriately included in the CalPADS 1.17 – FRPM/English Learner/Foster Youth – Count report as free status.

Effect: The District is out of compliance with state requirements.

<u>Cause</u>: Three students were noted to be free status in the system however the supporting documentation was not appropriately completed by the parent and therefore should have been noted as paid. This caused the unduplicated pupil count to be overstated.

<u>Fiscal Impact</u>: The School District Unduplicated Pupil Percentage for Newcastle Charter School was originally reported at 18.34% and the revised School District Unduplicated Pupil Percentage is reported at 17.97%; the fiscal impact is a reduction of LCFF revenues of approximately \$1,653. The District has established a payable of this amount in their Charter School Fund as of June 30, 2021.

<u>Recommendation</u>: The District should ensure all students indicated as free or reduced are properly supported by completed documentation to ensure all student counts are properly stated.

Views of Responsible Officials and Planned Corrective Action:

Procedures have been implemented to ensure only students who have turned in an application are included in the CalPADS reports.

STATUS OF PRIOR YEAR FINDINGS AND RECOMMENDATIONS

No matters were reported.
